

Student Employment Program

Our Firm

- Services include: tax preparation, bookkeeping, sales tax, strategic tax planning, cash flow planning, litigation & fraud services, business valuation, estate planning, and other advisory services.
- A hybrid team working with clients nationally. Team members can work remotely.

Who We Are

- Collaborative Team
- Company Culture built on life-long learning. Unlimited opportunity for growth.
- We have fun. We get excited about numbers and helping people.
- Team members are driven to challenge themselves & deepen their expertise.

- Our team guides you in professional experience and training that align with the subjects you learn in school.
- You execute projects start to finish, getting a variety of hands-on work you won't find in larger firms.
- Your work directly impacts our clients. Because of this, we expect a high level of responsibility from you.
- You must have a willingness to learn and a collaborative team mentality.
- The ability to communicate with clients and co-workers on a professional level is essential.

Accounting students are hired as Staff Accountants.

- You are on track to graduate with an accounting degree and planning to pursue a career in the accounting industry.
- You want to advance your career and work with us for longer than one semester. The role fulfills an internship requirement; however, the position is a job with responsibilities and long-term learning opportunities.
- Duties include: bookkeeping, financial statement preparation, and tax preparation.
- Hours: 30-40 hours/week during summer. Minimum 15 hours/week during school.

Having a learning mindset is key to being successful at our firm.
